

EMS Station 30

Project Description:

This project is located within the Industrial Park near Hankook Tire on International Blvd. The station was constructed in conjunction with the IDB's contractual agreement with Hankook Tire. The City of Clarksville also constructed their Fire Station 12 on this site under a joint contract. The station boasts 4,331-square-feet including an office, kitchen, day room, shelter area, 4 bunk rooms, two drive-through vehicle bays, and support spaces. This is Montgomery County's 11th EMS station.

Design Team:

Violette Architecture

Total Project Cost:

\$1,378,805

Contractor Team:

Southland Constructors

Completion Date:

December 2015
